# Pharmabiotics Conference 2027

## — The 11th edition of the Conference of D&R (Development and Regulation)

1-3 February 2027 · Brussels.

Four **D**'s, one **R**: Development, Direction (Regulation), Dialogue, Disruption

Dear colleagues,

The Pharmabiotics Conference 2026 is *The Conference of D&R*.

- **Discovery → Development:** Translating microbiome science into real-world products.
- **Direction:** Offering **Regulatory** compass points in a space that still lacks official guidelines.
- **Dialogue:** Fostering open exchange between research, regulation, and industry.
- **Disruption:** Showcasing how microbiome science is reshaping health, food systems, and sustainability.

Now in its 11th edition, the Pharmabiotics Conference is one of **Europe's oldest and most established microbiome meetings**. Over more than a decade, it has earned trust by **centering development and regulation**, and by **turning real regulatory journeys into practical case studies that move the field forward**.

Behind the conference stands the **Pharmabiotic Research Institute (PRI)**, Europe's Microbiome Regulatory Science Center. PRI is an independent non profit, recognized as a stakeholder with key EU institutions, and supported by the largest microbiome network in Europe. That combination keeps the conversation neutral, science-based, and close to where decisions are made.

Being one of the oldest and most established microbiome conferences in Europe, and organized by a non profit, **our sponsorship tariffs are kept fair and competitive**, reflecting our mission rather than commercial interests. At the same time, sponsorship gives you **exclusive access to an audience of ~150 carefully profiled participants**: senior leaders from industry, pioneering start-ups, and academic experts shaping the future of microbiome innovation.

Below, you will find an overview of sponsorship opportunities. Partner with us to shape the next phase of microbiome science and the regulatory pathways that will carry it to market.

**PRI member benefit**

Networking Members receive 10 percent off sponsorship rates.

Industry Members receive 15 percent off sponsorship rates.

We look forward to welcoming you in Brussels.

With appreciation,

**The Pharmabiotic Research Institute**

**PRI**

# Sponsoring packages

## Sponsorship package

# SILVER

€6.000

- Event-wide logo placement
- Exhibit booth & program listing
- Promotional material inclusion
- Valuable networking access
- 2 attendance passes
- ...and more

[FUEL THE FUTURE – SPONSOR NOW](#)

[WWW.PHARMABIOTICSEVENT.COM](http://WWW.PHARMABIOTICSEVENT.COM)

PRI

## Sponsorship package

# GOLD

€10.000

- High-impact visibility throughout the event
- Chair conference session or join panel discussion
- Preferred booth placement
- Logo in major event materials
- 3 attendance passes
- ...and more

[FUEL THE FUTURE – SPONSOR NOW](#)
